The Rainbow Society of Alberta is a Registered Charity and has been making dreams come true for Alberta children with life-threatening or chronic illnesses since 1986. We have proudly linked more than **847** special children with their precious dreams that might otherwise have remained unfulfilled. Dreams have included a pony, a piano, a computer, a chance to meet a favourite sports hero or movie star and a visit with faraway grandparents, just to name a few. The most popular "wish" continues to be for a family trip to Disneyland. Because of events like our Annual Trail Ride, and people like you, we continue to be able to make these dreams come true!

TOTAL FUNDS COLLECTED
